

## **Petadd VM-25(L)**

### Liquid Viscosity Modifier

#### **Description**

Petadd VM-25(L) is a 25 SSI, olefin-based viscosity modifier. This product provides excellent shear stability, as well as excellent low temperature performance. Petadd VM-25(L) imparts various performance enhancing properties to base oils, resulting in a blend which can be used in a variety of applications.

#### **Application**

- Suitable for use in various lubricant formulations, including those formulated for industrial & automotive applications.
- Suitable for both gasoline and diesel crankcase lubricants.
- Particularly effective in applications which require increased shear stability, such as in motorcycle applications.

#### **Typical Properties**

Property	Typical
Appearance	Clear
Colour	3.5
Specific Gravity @15°C	0.85
Shear Stability Index	23
Viscosity @100°C (cSt)	890
Thickening Power @10% treat rate, and @100°C (cSt)	5

#### **Storage and Handling**

In the storage, loading/unloading and handling: The maximum recommended temperature is 120°C. When stored at 21°C, this product has a shelf life of 3 years.
